

Auron Vehicle Maintenance Dataset — Hyundai

Purpose: Compact RAG/demo dataset for vehicle-maintenance questions. Service intervals and costs are indicative; exact requirements vary by model year, engine, variant, usage and Hyundai service schedule. Costs are approximate India estimates, not official quotations.

Brand	Model	Typical service interval	Routine checks	Typical replacement/inspection	Est. cost (₹)	Notes
Hyundai	Creta	10,000 km / 12 months	Engine oil; oil filter; brake inspection; tyre inspection; fluid checks	Air filter; cabin filter	■4,000–8,000	Use service schedule for exact variant
Hyundai	Venue	10,000 km / 12 months	Engine oil; oil filter; brake inspection; tyre inspection; fluid checks	Air filter; cabin filter	■4,000–8,000	Turbo variants may have additional checks
Hyundai	Exter	10,000 km / 12 months	Engine oil; oil filter; brake/tyre inspection; fluid checks	Air filter; cabin filter	■3,500–7,000	CNG models require CNG-system checks
Hyundai	i20	10,000 km / 12 months	Engine oil; oil filter; brake/tyre inspection; fluid checks	Air filter; cabin filter	■3,500–7,500	Actual interval depends on service schedule
Hyundai	Verna	10,000 km / 12 months	Engine oil; oil filter; brake/tyre inspection; fluid checks	Air filter; cabin filter	■4,000–8,000	Turbo variants may require additional inspection
Hyundai	Alcazar	10,000 km / 12 months	Engine oil; oil filter; brake/tyre inspection; fluid checks	Air filter; cabin filter	■4,500–9,000	Diesel/petrol schedules can differ
Hyundai	Grand i10 NIOS	10,000 km / 12 months	Engine oil; oil filter; brake/tyre inspection; fluid checks	Air filter; cabin filter	■3,000–7,000	CNG models require CNG-system checks
Hyundai	Aura	10,000 km / 12 months	Engine oil; oil filter; brake/tyre inspection; fluid checks	Air filter; cabin filter	■3,000–7,000	CNG models require CNG-system checks
Hyundai	Tucson	10,000 km / 12 months	Engine oil; oil filter; brake/tyre inspection; fluid checks	Air filter; cabin filter	■5,000–10,000	Diesel/petrol schedule varies by variant
Hyundai	Creta Electric	15,000 km / 12 months	Battery/system diagnostics; brake inspection; tyre inspection; coolant/fluid checks	Cabin filter; EV system inspection	■3,000–7,000	Follow EV-specific manufacturer schedule

RAG examples: When should I service my Creta? What is checked during a Venue service? What could an Exter service cost? Which Hyundai models need CNG-system checks? What maintenance does an EV need?

Important: This dataset is for testing Auron's retrieval and response generation. For actual maintenance decisions, use the vehicle's official owner/service manual or authorized service centre.
